Traditional Crossbow	TXB	Gents	190
		Ladies	280
Unlimited	UL	Gents	53
		Ladies	103
Cross Bow	XB	Gents	53
		Ladies	103

To give more people a chance to win the group is split into three divisions, and progress upwards as their average score progresses.

The handicap is calculated from the average of the best five handicapped scores recorded for each archer, and this value

Within the division the winning archer will have the highest handicapped score. This is the adjusted score

Maximum score for Big Game on 40 targets is  $24 * 40 = 960$  so anyone with an average handicapped score over 960 will have their handicap reduced to give a total of 960, this reduced handicap will be used in future shoots.

If an archer changes bow style then the handicap will be adjusted using the difference in values for the two style handicaps.
